### **Best Practices (Additional Information)**

## SDPARC Training under Skill Development Program

## **Placement Committee**

Placements are at the heart of any institute committed to quality education. Placements and corporate relations are important in terms of engaging students to the actual corporate platform. SDPC believes in corporate experience. The fervent need to build a bridge between college visions and student expectations, led to formation of Placement Committee. The Placement Committee is responsible for handling guest lectures and corporate relations, organizing and attending meetings to represent for corporate engagements. Moreover, with the right corporate exposure and applied knowledge, the placements provide the impetus to the students to move forward in the right direction. Other than looking after the Final Placements and Summer Internship of the second- and first-year students, the Placement Committee also helps the students gain industry exposure by helping them to work on live and concurrent projects. The Committee is also responsible for facilitating communication between college and corporate organizations to foster a mutually beneficial relationship.

**Objectives:** Our main objective is to look inwards and help integrate seamlessly the knowledge imparted in the classroom to actual knowledge required to survive in corporate culture. Moreover, it is our unsaid objective to achieve 100% placements year after year to successfully give students the corporate opportunities they're seeking. Having fulfilled these aspirations, following are a few long term goals that we plan to achieve: Bridge the gap between finest corporate houses and corporate learning

- Associate with Major International Houses engage them on various on campus
- We have a short term mission that we strive to forward year after year : Act as an interface between the corporate world and the batch
- Facilitate a medium to impart industry knowledge through corporate guest lectures
- Provide assistance to companies as well as students to find their best fit

**1. Placement committee has been established in Shree Dhanvantary Pharmacy College.**

**2. Dr. M. N. Noolvi is working as Chair person, Dr. Anand Deshmukh and Mrs. Dhara Vashi are conveying matters regarding Placement in each meeting and other members are working in regards to it.**

**3. The purpose of this committee is to get students placed in MNC companies.**
